“Unlimited power in the hands of limited people always leads to cruelty.” - Alexander Solzhenitzyn

THE BELIEVER'S ROLE

“We in America do not have government by the majority—we have government by the majority who participate.... All tyranny needs to gain a foothold is for people of good conscience to remain silent.” - Thomas Jefferson

Romans 13:1-4, Mark 12:14-17

“We see it repeatedly throughout the Bible in examples such as Nehemiah, Josiah, and Hezekiah. First, these men personally renewed themselves in the Lord, and then they set out to influence their culture and their nation for what was right. It started with just one individual unabashedly willing to turn back to God, and soon an entire generation of God's people did the same. Only after these leaders began to seek the ways of the Lord was there a profound cultural shift. It happened as well in America's great awakenings. In each case, there was a ripple effect. A radical awakening, a change, repentance, that took place in God's people, bringing about a dramatic shift to the culture at large. The result was a witness to the lost, which brought salvation to many.” - Pastor Jack Hibbs

“Have you ever considered?”
